DENBY EXPECTED TO RESIGN WHEN OIL COUNSEL ACTS

SECRETARY OF NAVY WILL NOT EMBARRASS ADMINISTRATION.
WAITS ATTORNEYS
It is believed Denby will get out before June at latest.

Washington.—Edwin Denby, secretary of the navy, is expected to resign just as soon as government counsel decide to ask the federal courts to vacate the leases given to the Sinclair and Doherty oil interests.

President Coolidge's speech in New York to-day, together with his previous statements asking for a suspension of judgment merely means that he does not believe the expression of an opinion by the senate or any body else that the secretary of the navy acted unwisely is sufficient basis for permitting the resignation of Mr. Denby.

Most Study Questions
The president feels that questions of policy involved in the leases will have to be studied by special counsel and if they should decide to ask for the annulment of the leases, this (Continued on Page 4)

ALIENATION SUIT ON IN JEFFERSON

11 Men and One Woman Form Jury in Action for \$50,000
Bain.

(By Special Correspondent.)
Jefferson.—Trial of the \$50,000 alienation of affections suit, brought by Mrs. Evelyn McLeary against her mother-in-law, Mrs. Ida McLeary, Sullivan, and the latter's sister, Mrs. Carrie Lumsden, now in California, opened before Judge George Gilman and a jury of 11 men and one woman in circuit court here Thursday. Three witnesses for the plaintiff were examined during the morning. The case is expected to continue until Saturday night.

Mrs. McLeary, wife of Ralph McLeary, charges that her mother-in-law and Mrs. Lumsden turned her husband against her and asks \$25,000 in damages from each defendant. Jurors are:

S. C. Aspinwall, P. C. Hansen, Donald Moore and William O'Brien, P. C. Alkinson, George Brandel, Sumner Merrill, S. Danuth and John C. Powers, Koshkonong; Richard Heidemann, Watertown; Royal Hans, Sullivan; Alie McArthur, Watertown; Louis Wolfer, Lake Mills, and Miss Anna Wolfgram, Jefferson.

Attorneys for the plaintiff are Lyman W. Wallace, Chicago, and Wallace Thayer, Watertown. For the defendants, Easton Johnson, Whitecourt, and M. O. Meint, Janesville, are appearing.

It was brought on in Thursday's testimony that McLeary, a former service man, became acquainted with his present wife, then Evelyn Jackson, in a Stevens Point sanatorium, where she was employed as a nurse while McLeary was being treated for war wounds. They were married Feb. 11, 1920, at Stevens Point, after a three months' courtship.

Joseph McLeary, Jr., Mrs. Ida McLeary and Mrs. Ralph McLeary were on the stand Thursday morning.

It was shown that Mrs. Ralph McLeary had been married once before, when she was 15, to a William O'Brien, Chicago, from whom she later was divorced. She told the jury she was ordered out of her home in July, 1921, by her mother-in-law, but her husband came after her and prevailed upon her to return.

Colossal Bread Trust Impending, Is Charge

(By Associated Press.)
Washington.—A report charging nation-wide profiteering in bread and that creation of a "colossal bread trust" is impending, was submitted today by David M. Manly, director of the People's Legislative service, to Senator La Follette of Wisconsin, its chairman, and "other progressive senators and representatives." The report, which was outlined in an announcement by the organized recommended congressional action to de-estate bread prices and check the growth of the bread trust.

An investigation of wheat and bread prices, made at the request of the senators and representatives in whom the report was submitted, showed, it was said, that the American people are paying "a million dollars a day" too much for their bread. The average retail price of bread in the United States is 9 cents, whereas in England it is 5 cents, the report said, adding that bread made with American flour is now selling in England at an average price of 4 cents a pound.

Asserting millers, bakers and retailers were all making "enormous profits," the report cited as an example the General Baking corporation in this country. As a result of the profits made by this company, it was said, "one dollar invested in its common stock in 1916 is now worth \$592."

INSURANCE FIRMS SUE COMMISSIONER IN POLICY DISPUTE

SUPREME COURT ASKED FOR MANDAMUS ISSUANCE.
SIX COMPANIES
Smith Exceeded Authority in Rejecting Policy, Is Allegation.

(By Associated Press.)
Madison.—Application for a writ of mandamus against W. Stanley Smith, state insurance commissioner, to compel him to authorize the use in Wisconsin of certain health and accident insurance policies, was filed in the state supreme court Thursday morning by six insurance companies.

A hearing on the application will be held before the court Friday afternoon.

Exceeded Authority, Claim
It is claimed by the six plaintiff companies that Commissioner Smith exceeded his authority in issuing his recent order, that the statutes do not authorize the action and that if the order is valid, a portion of the standard provisions law is unconstitutional.

The companies bringing the suit are: The Wisconsin Insurance company, Ltd. Lane Insurance company, Fidelity and Casualty company of New York, Aetna Life Insurance company, Travelers Insurance company and North American Accident Insurance company.

The suit grew out of refusal of Commissioner Smith to approve a new policy form submitted by the Continental Casualty and Metropolitan Insurance companies.

A complete construction of the standard provisions law probably will result from the action. The plaintiff claim in their petition that Mr. Smith declined to observe certain provisions of the law in the enforcement of the order, the companies claim, would involve complete change in all policies now being issued and reversal of methods of doing business in Wisconsin.

Commissioner Smith's stand on the policy forms is a strict construction of the insurance act. This is declared to be the first test of the question in any of the more than twenty-five states having similar laws.

Fall Planned Oil Leases When Put on Cabinet, Claim

(By Associated Press.)
Washington.—While Frank Vandervip waited to testify regarding his references to the sale of President Harding's Marion Star, the senate oil committee produced a fresh stock of sensational stories from other witnesses. Mr. Vandervip will testify Friday.

John C. Shaffer, publisher of the Chicago Post, and other newspapers, testified that Secretary Fall had told him in March, 1921, the very month he entered the cabinet, that he was going to lease Teapot Dome to Harry Sinclair. At that time Teapot was not yet under Mr. Fall's jurisdiction.

Mr. Shaffer told also how he himself had got a one eighth interest in the Teapot oil company, a Standard Oil subsidiary, in connection with the Teapot lease, and "gave up nothing" in return. He had an old claim pending, he said, and Secretary Fall thought it "unnecessary" to take such a step.

Told to Deny Lease.
E. C. Finney, assistant secretary of the interior, testified that his recollection was that Secretary Fall told him, a short time before the Teapot Dome lease was announced, that arrangements had been made with Harry Sinclair to give some land in the reserve to John C. Shaffer, publisher.

Finney said the Teapot Dome contract was handled "very largely" by Secretary Fall. Finney testified that Fall instructed him to issue a statement denying that leases had been entered into, a week after Teapot Dome had been leased to Sinclair.

Explaining how he came to sign the Doherty-Peaf "Harbor" contract, Finney said Fall was in New Mexico and wired him to sign after the secretary had studied the records of the lease and his home.

Disagrees with Suro.
The real reason why the Teapot lease announcement was held up, Finney said, was because Fall did not have legal authority for the Fall lease. Finney said there had been "so-called bids" for the oil field wells in the Colorado and Utah reserves and the Harboer tanking project. The bidders included the Standard Oil Co. (Continued on Page 8)

INSURGENTS PLAN WAR AS TAX BILL REACHES FLOOR

(By Associated Press.)
Washington.—The new revenue bill, carrying a complete revision of the federal tax rates, was taken up in the house today under an agreement to close general debate by next Monday at 4 p. m., after which the measure will be opened to amendment.

Opposition to the major provisions of the bill, including the income tax rates sections, which already have been passed by the house, was a unit as a result of a party caucus vote yesterday, was strengthened today by the attitude of the insurgent republican group.

After a meeting of the insurgents, leaders expressed the opinion their organization would vote for the democratic proposal, to be presented by Henry M. Reuss, of Wisconsin, for a 50 per cent reduction in the normal rates and no change in the surtax rates, he rejected.

The insurgent organization cast 17 votes against Speaker Gillett in the house organization fight and a number of votes, combined with the democratic plan if all 40 members of the house were voting.

According to Mrs. Jones, the plan under which half of the salary and expenses of a home agent are paid by state and federal appropriations, does not restrict activities of such a worker to the open country, if the county committee agrees that a portion of her time be given to work that will benefit girls and women in smaller urban centers.

TESTIMONY OPENS BEFORE FOWLER IN MURDER CASE

OPENING STATEMENTS MADE BY OPPOSING COUNSEL.
12 MEN SELECTED
Women Passed Up for Jury to Decide Fate of Watertown Man.

(By Staff Correspondent.)
Elkhorn.—Opening statements of attorneys were heard in circuit court here Thursday, following selection of a 12-man jury for the trial of Ernest Kufall, Watertown former service man, on a charge of first degree murder in connection with the death of Edward Schaudé, Watertown farmer.

It was noticeable that of the several women who qualified for jury service on preliminary questioning, not one remained on the list after attorneys had been given opportunity for striking names.

Following are the 12 men jurors: George Hull, Watertown, president of the Watertown Elks; Duane Clarence Potter, LaFayette; John McFarlane and Will Jellman, DeSoto; Arthur Brown, Watertown; Howard Thayer, E. A. Powell, George Weaver, Elkhorn; Orin Mitchell, Honey Creek; Fred Bromley, LaGrange; William Lackey, Williams Bay; and H. E. Allenberg, Troy.

Selection of the jury was completed at 11:30, and District Attorney Alfred Godfrey, Elkhorn, immediately began his opening statement to the jury. He was followed at 1:30 by W. C. Zabel, Milwaukee, attorney for the defendant, and the taking of testimony was scheduled to begin on completion of Zabel's address.

The state's contention, according to District Attorney Godfrey's statement, will be that Ernest Kufall and Mrs. Schaudé had been together in mixing the poison which caused the death of Schaudé on March 18, 1922. The state will endeavor to prove, he said, that the Schaudé family was a happy one prior to the time of Kufall's entrance into the home.

Opposed Post-Mortem
Continuing, Mr. Godfrey said it would be shown that Kufall fell violently in love with Mrs. Schaudé and held clandestine meetings with her without her husband's knowledge. Mr. Godfrey said he would show her when he was on his vacation in Watertown. There will be evidence to show he won her love by helping her wash dishes and in other ways.

On the night of the alleged poisoning, Mr. Godfrey declared it will be proved that Kufall and Mrs. Schaudé took strychnine from the Schaudé home and mixed it with prune juice for giving to Schaudé. Kufall and the woman remained in another room until 11 o'clock when Schaudé died. The mixture, the district attorney said.

Forty minutes later, the evidence will show, Schaudé died in convulsions. A new autopsy was made by Mr. Godfrey who said the body was not buried but placed in a vault and that Kufall objected when there was talk of holding a post-mortem. Mr. Godfrey said the cause of death, which had been given by the doctor as influenza.

The state will seek to show that Kufall left a new key to the vault and went to Milwaukee agricultural school and that he and Mrs. Schaudé entered into a pact not to marry for several years. It will then be shown that Kufall and the woman met and lived together several times after that, in Watertown and Milwaukee.

In his statement to the jury, Mr. Zabel contended that the entire story involving Kufall in the Schaudé death originated in the mind of Mrs. Schaudé. He cited her two alleged confessions, in the first of which she said to have taken full responsibility for the murder, only to involve Kufall in the second.

Mrs. E. La, Watertown architect, was the first witness called.

At the conclusion of the first day of the trial, 32 persons qualified for jury duty, but only 12 were selected for the jury, and 20 persons sat in the box, though several had been struck by each side. Attorneys predicted that Thursday morning would find the jury drawn.

Judge Fowler has won the commendation of both sides in his expert handling of the trial. It is expected to last until next Wednesday, at least, as it was until that day that the court dismissed the jurors who were excused from sitting in the box.

Those who survived the preliminary questioning during Wednesday were: William Lackey, Williams Bay; Frank Gustafson, Durbin; James Turner, Durbin; Mrs. R. S. Skiff, Elkhorn; Will Bellman, Delavan; J. T. Ward, Delavan; Orin Mitchell, Elkhorn; Fred Bromley, LaGrange; Clarence Potter, Elkhorn; George W. Hull, Watertown; W. L. Hord, Sharon; H. E. Allenberg, Lake Butte; John McFarlane, DeSoto; Arthur Brown, Watertown; Charles Weaver, Elkhorn; and Mrs. Ruby Bell, Troy Center.

OPPOSE HUGHES ON JAP IMMIGRATION

Committee Fails to Take Kindly to Suggestion of Secretary.

(By Associated Press.)
Washington — Chairman Johnson and other members of the house immigration committee appeared unimpressed today to comply with the suggestion made by Secretary Hughes that Japan be placed on the same quota basis as other nations in the immigration bill pending before the committee.

Mr. Hughes, in a letter placed before the committee today, said provisions of the bill which "single out Japanese immigrants for exclusion" are "inconsistent" with the treaty of 1911, and it enacted, might "harm the work of the Washington conference on limitation of armaments which so greatly improved our relations with Japan."

On the other hand, he said, the provision for certification of immigrants abroad were permitted to apply to Japanese, not only "a double control over the Japanese quota of less than 250 a year" under the measure's quota basis, of 2 percent of 1800, and census figures would be attained, but the Tokyo government could be expected to co-operate in preventing surreptitious entry of Japanese into this country.

Pointing out that the Japanese government already has brought the matter to the attention of the state department and urging elimination of the exclusion provision, Mr. Hughes declared he was "unable to perceive" that it was "necessary."

Mr. Johnson, however, in commenting on the secretary's letter, which was made public last night, said that the committee had approved the provision and predicted that it would remain in the bill.

DENBY EXPECTED TO RESIGN WHEN OIL COUNSEL ACTS

(Continued from page 1.)
action would be a judgment upon the wisdom of the original act. Friends of the president are authority for the statement that it would be incompatible for the secretary of the navy to retain office while the judicial department of the government was asking the courts to annul an action taken by the navy department in conjunction with the interior department. Mr. Fall, who was secretary of the interior, must face the question of whether he was influenced by the \$100,000 "loan" made to him by Dr. Doherty before the leases were consummated.

Denby must answer the question why he signed the leases in conjunction with Mr. Fall.

Out by Next June.

The secretary of the navy has said he would do it all over again if he had another opportunity. Should government counsel decide that all that he did should be undone, the secretary of the navy's resignation is inevitable. In fact, even in a administration quarter the prediction is made that Secretary Denby will not be in office when the republican national convention meets in Cleveland next June.

The democrats in the senate are all much pleased with the president's refusal to obey the senate resolution suggesting Mr. Denby's resignation. The democrats have compelled on the other hand certain republican senators to go on record in defense of Mr. Denby and the vote on the resolution will be a campaign issue just as was the vote of the senate on the seating of Truman H. Newberry, United States senator from Michigan, who it was alleged was elected through the use of excessive sums of money. Senator Newberry was personally acquitted of wrongdoing by President Harding and the republican group declined to help unseat him. Very little was heard about the Newberry case in the east but it was a vital issue in the west and it figured in the defeat of several senators.

Westerners Understand It.

The democrats who are angling for western support believe the Denby case will be even more comprehensible to the voters of the west where leases and public lands are a matter of every day discussion than was the Newberry election controversy. It will be noted that the insurgent republicans and Farmer-Labor senators who voted with the democrats in favor of the resignation requesting Mr. Denby's resignation had from west of the Mississippi river.

At the moment the Coolidge supporters feel confident that the president's course has gained prestige for him and that he will not lose by suspending judgment. That is

Will Be Campaign Issue.

All this, of course, is predicated on the theory that Mr. Coolidge will retain Mr. Denby and defend the oil leases. STATE CONTROL OF RAIL BONDS GONE

Completely Removed by Decision of Wisconsin Supreme Court.

(By Associated Press.)
Madison — Wisconsin's control of railroads operating in the state, as far as bond issues are concerned, was completely removed by the decision of the supreme court this week, holding that the state stock and bond law was superseded by the federal transportation act, L. R. G. The decision, Chairman Gottle

The ruling will cause a loss of probably \$5,000 annually to the state in fees, it was said.

In view of the decision, Mr. Gottle said, the railroad commission will not grant certificates to railroads for bond issues in the future. This action, he said, may have an unfavorable result upon the ability of the roads to obtain financial backing by eastern concerns. Gottle said the decision affects not only railroads organized in other states but those organized in Wisconsin.

A number of refunds will be necessary to the roads following the court finding, according to officials. Numerous instances, the fees for bond and stock issues were paid under protest and are recoverable in view of the ruling. The commission's control over other public utilities is not affected by the court's decision, it was said.

The decision, Chairman Gottle

The students were divided according to their major subjects, each group having one or more tables and competing in singing and yelling.

W. Vincent discussed the college program and suggested improvements in their work. C. H. Hickey explained the purposes of the college review. R. W. Root outlined the purpose of the religious organizations of Milton. Coach Crandall talked on athletics. R. J. Meyer, Janesville high school graduate who will head Milton's football squad next fall, told of prospects for a football team.

Following a speech on music activities by Gladys Hulet, H. R. Sheard sang three Scotch songs. Fred J. Frost, Madison, 103; Prot. Oakley and Daland also spoke.

President A. E. Whitford brought a message of optimism about the conference, saying that it is hopeful that plans for a new girls' dormitory can be started soon.

He is a member of the 17th century. Don't fail to be present Sunday and be sure to bring a friend. Men that are planning on putting in their application for F. O. E. membership are especially invited. We have arranged an interesting program for this occasion. It will be worth much to you. MAKE AN EFFORT TO BE THERE.

AFTER THE BALL

TAKEN FROM THE WORLD FAMOUS DRAMATIC SONG AND BALLET by Charles K. Harris, "AFTER THE BALL IS OVER." Featuring GASTON GLASS—MARRION COOPER—EDNA MURPHY.

"AFTER THE BALL IS OVER"
A little maiden climbed an old man's knee,
Beside a story "In Chief" place,
Why are you alone, why live alone?
Have you no babies, have you no home?
I had a sweetheart, years ago,
Where she is now, you will soon know:
List to the story, I'll tell it all,
I believed her faithful, after the ball.

Bright lights were flashing in the grand ball-room,
Softly the music, playing sweet tunes,
There came my sweetheart, my love, my own,
I wish some water, leave me alone,
When I returned, dear, there stood a man,
Kissing my sweetheart, as lovers do,
Down fell the glass, pet, broken, that's all,
Just as my heart was, after the ball.

Long years have passed, child, I've never wed,
True to my last love, though she is dead,
She tried to tell me, tried to explain,
I would not listen, pleadings were vain,
One day a letter came, from that man,
He was her brother—the letter said,
That's why I'm lonely, no home at all,
I broke her heart, pet, after the ball.

Refrain:
After the ball is over,
After the break of dawn,
After the dancers leaving,
After the stars are gone;
Many a heart is lonely,
If you could read them all,
Many the hopes that have vanished
After the ball.

GOITER WAR TO BE TAKEN UP LOCALLY

Use of Iodine Will Be Urged by Health Dept. When Survey Is Completed.

One of the first projects to be taken up by Janesville's newly consolidated health department will be the prevention and cure of goiters in children up to 16 years of age, a matter which has been studied by Dr. Fred B. Welch, city health officer, for the past year with the idea of attempting here, in her examination of every pupil in the city schools, begun three weeks ago, Miss (Grace) Amerphol, city nurse, is giving special attention to the compilation of statistics on the prevalence of goiter and it is believed her figures will show a large percentage of children having goiter or goiter tendencies.

When this data is complete, the health department hopes to institute a campaign to bring about the use of organic iodine tablets among all children as tests in a number of Ohio and Indiana cities, also in Switzerland, have proved iodine an almost 100 per cent preventive of goiter, but harmless to the child.

Mentioned at Twilight Meeting. In his address before the Twilight club here Tuesday night, Dr. F. L. Koch, Chicago physician, related the progress made in goiter prevention and cure by the use of iodine tablets internally.

The Great Lakes district is known as the great goiter belt of the United States, the use being ascribed to something lacking in the food and which vacancy is filled by the use of iodine. Dr. Welch's hope is that the public may be made to realize that the organic iodine tablets are not a medicine but a food, which the body requires.

In tests conducted recently in the public schools of Milwaukee, Ind., it was found that 88 percent of the children taking iodine and having goiters, showed a definite reduction in size, while only two percent showed an increase in the size of the gland. Of those not taking iodine, 38 percent showed an increase in the gland measurements. Dr. Welch reports.

While the tendency to goiter is more marked in girls, boys are also greatly subject to it, the Hammond examinations showed. Switzerland has long been known as one of the great goiter countries of the world and it is claimed that in three years the iodine treatment has been instituted there, the incidence of goiter has been cut from 87 percent to 43 percent.

"The first application of the principle of goiter prevention as a public health measure," said Dr. Welch, "was begun in the public schools of Akron, O., in 1916 and continued through 1920 by Dr. O. P. Kimball and Dr. Marline. Of the girls taking iodine, not a single normal one developed goiter, while among those who did not take iodine, 27.6 percent developed goiter. The goiters disappeared in over 60 percent of the girls who had it at first and took the simple treatment."

Cards were made out for each book, showing the name of the owner and the price asked for the book. The exchange was in operation, names of those whose books had been sold were announced daily, and at the close, all books left unsold were returned to the owners.

An informal Valentine program and discussion took place following the business session of the club.

ATTENDANCE AT SCHOOL, 95 PCT.

City Ranks Highest in State—Rex Jacobs Takes Place on School Board.

Heating of reports took up the entire time at a brief monthly meeting of the board of education in the high school Wednesday night. The session was one of the briefest in months, lasting only an hour. Commissioner Rex Jacobs, appointed to fill the vacancy in the Third ward, resulting from the moving of the board from that section, was welcomed to the board table.

The balance in the treasury Feb. 1, was reported at \$39,491.06. Supt. E. Q. Smith reported for the high school and the board of trustees, purchasing committee. In the absence of Commissioner Mrs. David Holmea, the report stated that table tops, chairs, potter and tray wares had arrived. Other equipment is expected soon, but none will be installed until the complete order is here.

95 Percent Attendance.
This city stands highest in the state in the ratio of attendance to enrollment, according to the figures of the state department bulletin recently published. The percentage here has nearly reached its maximum efficiency. It is thought, with a standing of 95 per cent. Miss Rose-berg, chief clerk of the attendance department, talked on her work. Four years ago, when she assumed charge, the percentage of this city was among the lowest in the state, she said, and the board expressed its feeling that it was largely through her efforts that the department had reached its high level.

Standings for other cities, as reported by the state department are: Marinette, 89 per cent; Manitowish, 88 per cent; Kaukauna, 86 per cent; Fond du Lac, 84 per cent; Madison, 81 per cent; Beloit, 81 per cent; Oshkosh, 82 per cent.

"An absolute and accurate school census since this is the basis on which all educational figures, as well as the enforcement of school laws rest."

To show the difficulty of the task of reaching many absentees, it was stated that 1,000 children in the city cannot be reached by telephone, and the location of homes without communication service. The majority are in the outlying sections and it is necessary to visit these in person.

Out of the 1,000, it is in 46 cases necessary to call after 5 p. m. an account of parents working. Three hundred of the 1,000 children do not pay school dues.

In addition to the actual attendance work, the department also maintains an employment bureau. The school census, gives in detail, the names of children, their parents, and the names of the children, dental service obtained and the condition of the children.

Many girls, especially, expressed their appreciation of the aid which the city has given them. The city have given them a home, a school, and a future. The city has given them a home, a school, and a future.

Miss Enright especially expressed her appreciation of the aid which the city has given them. The city have given them a home, a school, and a future. The city has given them a home, a school, and a future.

Among the work which various organizations do Miss Enright spoke of the work of the Big Brothers organization of the city, which has given her considerable trouble the past three years, and who were taken under the guidance of that organization. The work was continued under the attention of the department. The churches were mentioned as doing good work among the poor of their denominations. The state social welfare department, Mr. C. A. are doing good work among delinquent boys and girls respectively, it was stated.

Badger Farmers Urged to Raise More Alfalfa.
"Alfalfa is the quickest and easiest way to agricultural prosperity," declared L. P. Greer, Madison, in a lecture on legume crops at a farmers' meeting in the Janesville high school, Wednesday evening. More than 100 farmers attended the meeting, arranged by L. P. Greer, agricultural instructor of the school, and Jack C. Nisbet of the Farm Bureau.

Alfalfa was declared to be the most important of all legume crops for cattle, sheep and swine, and still, out of the 2,800,000 acres of hay in this state, there are but 150,000 acres seeded to clover and timothy, with timely holding the lead.

The total amount of money paid out in 17 Wisconsin counties for hay imported from other states amounted to \$500,000. This was declared to be unnecessary. A decided reduction of the state's total feed bill for livestock amounting to between 20 and 25 million dollars could be made possible by the growing and feeding of alfalfa—the best feed crop for all kinds of stock.

The best procedure for growing alfalfa was explained by Greer to be: 1. inoculation of seed; 2. testing of soils for acidity and application of lime where necessary; 3. proper mixture of 15 pounds alfalfa, two pounds clover, and two pounds timothy; and 4. the sowing of a nurse crop of early oats to be cut before they head out.

He urged the order of importation for Wisconsin was declared to be by Grimm, South Dakota, Montana, Kansas and Nebraska.

newspaper publication and attention to business. He belonged to the younger group of Ohio republicans, along with President Harding when the afterwards president was interested in the Ohio Republican league.

Mr. Brush said in a statement Wednesday night: "Mr. Vandenberg's attempt to impeach President Harding and to remove the name of the Marion Star, through the sale of that newspaper to Roy D. Moore and myself is impossible for me to soften their effect by claiming a desire to protect Mr. Harding's memory by forcing an investigation."

"When he appears before the senate committee on Thursday Mr. Vandenberg will explain that his speech was based on ignorance and admit that he made no effort to confirm them out of regard to the harm he might be doing to the late president's reputation and to Mr. Moore and myself in our business careers."

From Own Pockets.
"Mr. Vandenberg asks 'where did the money come from?' where did it come from? I asked him. 'From my own pockets,' some of it borrowed, it is true, but with the customary securities back of it. The money went to Mr. Harding and the money went to Mr. Harding and the money went to Mr. Harding."

"The actual purchase price of the Marion Star was \$250,000. The contract with President Harding was signed at the White house two days before he left for Alaska upon the payment of \$250,000 in cash. The contract provided that the payments and details of the transaction should be cleared up by his return from Alaska, for which purpose he had planned to stop at Marion."

Harding Was Associate.
"Of the \$250,000, Mr. Harding was to receive \$25,000, the remainder of stock then being held by Star employees. We were to pay the president \$100,000 in cash, including the \$25,000 paid to him in Washington business affairs on the ground that stock in the reorganized Harding Publishing company amounting to \$100,000. In addition the president was to sign a contract of employment with the Star as associate editor at a salary of \$13,500 per year."

This arrangement constituted a compromise on the price, and as Mr. Harding was to receive a considerable profit from the syndication of his writings at a comparatively small salary, the payment of the salary was over to him, preferential to the earnings of the Star over a period of several years averaged a return of 10 per cent on the full purchase price.
